

SIMG – Browse uploaded images

To browse and remove uploaded images visit the address www.yoursite.com/simg-files.php

Default username is: **admin**

Default password is: **admin123simg**

In order to change the default username and password:

Open the file **simg-files.php** (You can use text editors like [Notepad++](#) or [Sublime Text](#)) and change the variable **\$auth_users** (line ~15) from **admin** to your own username option and the password "**\$2y\$10\$Zr7Ng.....**" to the one generated by the script located on www.yoursite.com/inc/php/pwgen.php or generated on [this website](#).
